ODDLY USEFUL STUFF

BEFORE YOU PAY CONSIGNMENT VENDORS

FREE 2-PAGE FIELD CHECKLIST

1. MATCH EACH SALE

Check transaction IDs against your register or POS export.

Confirm returns, refunds, fees and voided sales before totals.

2. CONFIRM THE SPLIT

Use the percentage written in each vendor agreement.

Do not assume every consignor has the same commission rate.

3. SAVE YOUR AUDIT

Retain a dated statement of gross sales, refunds, fees,
net proceeds, vendor payout and shop share for each vendor.

THE SIMPLE PAYOUT FORMULA

Net proceeds = gross sales - refunds - applicable fees

Vendor payout = net proceeds x agreed vendor share

Shop share = net proceeds - vendor payout

Use actual contract terms; this worksheet is not accounting or legal advice.
